

DOBBS IS REAPPOINTED POSTMASTER

VAN NUY'S FINALLY
SET UP HIS MIND ON
LOCAL APPOINTMENT

SERVED FIVE YEARS

He Succeeded E. R. Bartley
Postmaster Here on
July 16, 1936.

Mail Saturday night brought L. Dobbs, postmaster, no reappointment as head of Green- castle office. The letter written by Sen. Frederick Van Nuy was addressed to the First Postmaster General. From there, it goes to the President who sends the nomination to the Senate for confirmation and the commission is issued to Mr. Dobbs by the post office department. It was an unofficial announcement Saturday that Mr. Dobbs had been recommended, but nothing was known by the public until the letter received by Mr. Dobbs Saturday evening.

Van Nuy's letter dated Friday, August 1, to the post office department said: "I desire to recommend in the possible terms for re-appointment the postmastership at Greencastle, Putnam County, Indiana, Mr. L. Dobbs. Mr. Dobbs has a satisfactory and efficient record and I would appreciate great consideration of his appointment."

Matter of an appointment here of local interest for the past several years. Mr. Dobbs' four year term on June 25, 1940, and the present came more than a year after the fifth anniversary of his taking over the office.

Under his original commission which was effective on June 25, 1940, he did not take over the office until July 16, in order not to complicate payroll, and thus E. R. Bartley had served more than three years as postmaster held the office 21 days after his successor was named.

During the five years the office has been under the management of Mr. Dobbs, it has been declared in the past after the first year. The operation of an office is due to the receipts per year, and since the receipts passed the \$40,000 mark four years ago, it has the first class office since. The receipts for 1940 were the highest in the history of the Greencastle post office running approximately \$55,000, or almost double the receipts of ten years ago.

Appointment of Mr. Dobbs clinched a long political fight to eliminate from the local office. Local politicians, including the county auditor, had endorsed Audrid for the office and because of the endorsement, many were of the opinion that Mr. Fleenor would be the only other candidate after the "examination" made by the civil service commission, was E. Ogles, republican county auditor, and because of his politics, Van Nuy probably did not closely on his record for the past several years, or until such a time as the politicians ask for a new examination to fill the office. It is supposed to have been taken out of politics several years ago by executive order of President, but this is hardly likely as politicians are active.

ERDALE HOMECOMING
ATTRACTS RECORD CROWD

Record breaking crowd set an all time high for attendance at the annual Cloverdale homecoming picnic, homecoming officials estimated this morning. An average of various reports ranging the size of the crowds for the three evenings, Saturday night's showing attracted the largest group, with parking spaces far between.

Who attended the picnic included the Hurst-Collins Post of the American Legion on pre-arranged one of the most successful entertaining home-comings that South Putnam town has ever known.

Three Nabbed By City Police

BICKNELL MAN CHARGED WITH
DRUNKEN DRIVING SUN-
DAY MORNING

Oscar Gibson, 44, of Bicknell, was arrested by Chief of Police Ed Maddox and Policeman O. C. Nelson at 7 o'clock Sunday morning, charged with drunken driving.

According to the Greencastle police chief, Gibson, driving an old Chevrolet roadster, was taken into custody on Bloomington street after local authorities had been notified that he was heading toward this city. It was said he had run into several road signs on state highway 43, south of the city and when nabbed by the officers, the car was weaving in a dangerous manner.

Chief Maddox said Gibson told him that the car belonged to William Cragle, of Bicknell. When arrested it was found that Gibson did not have a driver's license.

He was scheduled to be arraigned in city court before Mayor W. D. James, Monday morning.

An affidavit was on file in city court Monday against Glen Fuqua, who lives north of Greencastle, charging him with public intoxication.

According to Police Chief Ed Maddox, Fuqua sustained a fractured jaw in an altercation on north Madison street Saturday night and was taken to the Putnam county hospital, by the police, for treatment.

William H. Perkins, formerly of Greencastle, was arrested Sunday morning about 2:00 o'clock at the Monon station on charges of public intoxication by city police officers.

He was taken to the Putnam County jail where he awaited trial in the city Mayor's court scheduled for sometime today. He was sentenced to six months at the Indiana State farm on June 1, 1940.

Hoosier Killed In Camp Riot

BICKNELL YOUTH DIES OF
WOUND IN OUTBREAK AT
FORT KNOX

FORT KNOX, Ky., Aug. 4.—(UP)—Col. H. Butler Briscoe, commander of this army post, revealing that 350 soldiers confined to the guardhouse had rioted last Wednesday night, said today that military policemen "did exactly the right thing" in firing over their heads. A soldier was killed by a ricocheting bullet.

Approximately 35,000 soldiers are stationed at the post. Briscoe pointed out that the 350 in the guardhouse represented a very small percentage of the total. Almost all were there, he said, for being absent without leave or for drunkenness or for gambling.

Private Carl B. McClellan, 19, of Bicknell, Ind., an enlisted member of the regular army, was the slain man. He was serving 22 days in the guardhouse for being absent without leave for 11 days.

The rioting began when the guards fired over the heads of three prisoners they had detected in the act of climbing over two barbed wire fences surrounding the four barracks, mess hall and cluster of tents which form the post guardhouse. The other prisoners poured from the barracks and began throwing rocks at the guards and their officers, Briscoe said. At least four of the six guards fired over the heads of the milling prisoners. A fire hose finally was used to halt the rioting.

Briscoe said ballistics tests were being made to identify the guard who fired the fatal shot. That guard will be charged with manslaughter before a military court and the others will also be court martialled. This procedure was customary he said, and did not indicate that the army believed the guards should be punished.

NELL M. BROWN DIED SUDDENLY IN OKLAHOMA

DECEASED WAS HOUSEMOTHER
AT DEPAUW UNIVERSITY
FRATERNITY

FRIENDS DEEPLY SHOCKED

Mrs. Brown Was Daughter Of Late
Col. and Mrs. C. C. Matson,
Prominent Greencastle Family

The very many friends of Mrs. Nellie Matson Brown in this community were deeply shocked Sunday by word which came from her daughter, Beatrice, now Mrs. Jack Harbick, of Oklahoma City, Okla., that Mrs. Brown had died there Saturday. Mrs. Brown went from Greencastle soon after the close of the college year to visit her daughter. She underwent an operation a week ago last Friday at Oklahoma City and her demise is supposed here to have been an outcome of the operation or of the physical ailment which the operation was intended to relieve.

Mrs. Brown was housemother of the Delta Kappa Epsilon fraternity of DePauw the last two years and would have had that same position this coming school year.

Mrs. Brown was a sister of the late Smith C. Matson and the late Reese F. Matson both of whom died while residing in Oklahoma. They were the children of the late Colonel and Mrs. Courtland C. Matson, whose home was in Greencastle before their marriage and their married life was spent here and their children were born here. Mrs. Matson was Mary N. Farrow, daughter of Colonel William L. Farrow, an old and highly esteemed Putnam county family. On her mother's side, Mrs. Brown was related to a large number of residents of the county, a cousin of Mrs. Hallie Hamrick Thompson, who received the message telling of Mrs. Brown's death.

Mrs. Brown leaves the one daughter, Mrs. Harbick who has one daughter, also. These two are the only descendants of Colonel and Mrs. Matson.

Mrs. Brown's marriage to the late Charles Walter Brown occurred a number of years ago. They resided in Chicago. Mrs. Brown taught voice in several of the better known schools of the South. She was, before that, a student in voice in the DePauw School of Music.

LOST PET FOUND

The Daily Banner accomplishes wonders at times, in the way of selling things, and finding lost pets, and so on. Its latest achievement in that line is to return aforlorn, lost horned toad to its owner. Last week, this newspaper told of a horned toad being found on the porch of a home on east Seminary street, which was brought to the office of Sheriff Robert Patton by Victor Cue. Today Jack Crosby, went eagerly to the sheriff's office and claimed the amphibian as his little pet. It had been sent to him by an uncle, in California.

HOWARD GOUGH REPORTS RECORD YIELD OF WHEAT

One of the largest yields of wheat on a Putnam county farm during the 1941 season, was reported by Howard Gough of Franklin township.

Mr. Gough threshed a field of 13.4 acres on Thursday that yielded 500 bushels, or 37 bushels per acre. The wheat was sowed by James Shumaker and was Bearded Red Rudy.

Many fine yields of wheat have been reported in this county this year, but the Gough yield was one of the heaviest ever grown in this county.

Board Elected Crosby Trustee

JACKSON TOWNSHIP VACANCY
CAUSED BY DEATH OF
WALTER STEWART

County commissioners George L. Rice and Andy L. Cross met Monday morning, for the August session of that board. Commissioner Wallace H. Spencer was ill at home.

The first item of business before the commissioners was the naming of a trustee of Jackson township, to fill the unexpired term of office of Walter Stewart, whose recent death left the office vacant.

Mr. Cross nominated Robert S. Crosby for the place, and he was elected by the favorable votes of both of the two commissioners present. Mr. Stewart served since January 1, 1940, on his second term of four years and Mr. Crosby will hold the office for the unexpired portion of the four years as a result of his election by the commissioners. Mr. Cross stated Mr. Crosby is 38 years old, with a family, and that he is a graduate of DePauw university.

Just after the election of Mr. Crosby was announced, a petition was put before the commissioners bearing the names of 347 voters of Jackson township, it was said, asking that Mrs. Edith Robbins Stewart, widow of the former trustee, be elected to fill her husband's unexpired term.

The petition for Mrs. Stewart's election was presented to the commissioners by Lester Wilson, Democratic precinct committeeman from the south precinct of Jackson township.

The commissioners said they could not consider the petition because the place already had been filled.

The commissioners received the resignation of Miss Irene M. Gerke as county public health nurse, effective September 1, if the commissioners can name her successor by that date.

PRESIDENT ON VACATION
CRUISE; ROUTE SECRET

NEW LONDON, Conn., Aug. 4.—(UP)—President Roosevelt rode the presidential yacht Potomac through smooth seas off southern New England today on the first leg of a vacation cruise that may terminate with a sea rendezvous with Rear Admiral Ernest J. King, commander of the Atlantic fleet.

When the Potomac slipped out of the submarine station at New London last night, its whereabouts became secret. Regulations conceal the whereabouts of all naval vessels.

Mr. Roosevelt was at sea for the rest.

It was understood that sometime before he returns to shore, King may go aboard for a conference. Mr. Roosevelt has kept in close touch with the activities of the Atlantic fleet in carrying out his orders to keep the sea lanes open to America's outposts.

The sole information on Mr. Roosevelt's activities during his cruise will clear through the Navy Department at Washington. The President made plans to radio a daily report to Washington, outlining his general activities but keeping his exact whereabouts a secret.

The Potomac was escorted by the coastguard cutter, Calypso.

Mr. and Mrs. Conrad Gautier arrived in Greencastle Sunday evening from their wedding trip, following their marriage at Vernon, this state, July 20. They are now at home to their friends at their home, west Poplar street. On their return trip, they went to Tazewell, Va., where they visited a while with Mr. and Mrs. Albert M. Black. Mr. Black, a native of Greencastle, went to Tazewell many years ago to engage in photography but was disabled in an accident and has been confined to his bed ever since, almost helpless. He sent his regards to his friends in Greencastle.

that time, but she stated she would remain at work until October 1 if necessary. She gave as her reason for her resignation that she had been married and desired to establish her own home. To a representative of The Daily Banner, she, when asked about her marriage, stated she had become the wife of Salvador Camacho, formerly of Detroit, in a ceremony at Indianapolis, February 14, this year.

Auditor Eddie H. Buis, as secretary of the board, presented to the members the proposed budget of the county superintendent of schools for the year 1942. It was addressed to the board of commissioners and the county council, but there was no action on it by the commissioners. The budget provides for an annual salary of \$4,500 to the superintendent of schools, effective next January. Accompanying the budget was a transcription of the record of the meeting of the county board of education, which is composed of the township trustees of the county, held July 7, at which meeting there were eight trustees present and, according to the record, all eight voted in favor of the increase in the superintendent's salary.

Also accompanying the report from Mr. Jarrell was a request from Mr. Jarrell that an appropriation be made allowing him \$1,600 which, he said, is the difference between the new salary in the budget and his present salary of \$1,760 per annum, for the period elapsing between August 16 and January 1. August 16 is the date of the beginning of Mr. Jarrell's new term of office, to which he was elected at the June meeting of the board of education.

Present at the meeting of commissioners was a delegation of men and women who are members of the Reelsville Methodist church, who asked the commissioners to authorize the blacktopping of the road which passes in front of their church, which is located on the summit of the hill north of the Pennsylvania tracks at Reelsville.

A LATE SUMMER FEAST

"August is my favorite month,"—the rather plump gentleman down south explained. His reasons were that so many of his favorite foods were at their best in August. Then he told us his idea of a perfect meal for this time of year. It's the sort of dinner that was appetizing to any man or woman... I think... regardless of what part of the country they might call home. Here it is:

iced Cantaloupe Corn Fritters
Fried Chicken Peas in Cream
Boiled or Baked Sweet Potatoes
Hot Biscuits Quince Jelly
Sliced Tomato Salad
Fresh Peach Ice Cream Pound Cake
Coffee

CORN FRITTERS

1 egg
1 cup uncooked corn (cut from the cob)
1/2 tsp. salt
1/4 tsp. pepper
1 tsp. melted butter
1/4 cup sifted all-purpose flour

Beat the egg and add other ingredients, mixing thoroughly. Pour by tablespoons into hot frying pan in which 2 tsp. fat have been melted. Cook until golden brown on both sides. Drain on brown paper and serve hot. This will make 10 servings.

Also a Good Lunch or Supper Dish
These Corn Fritters also make a delicious supper or lunch served with plenty of butter and syrup.

FRESH PEACH ICE CREAM

1 cup milk
1/2 cup sugar
4 tsp. all-purpose flour
1/2 tsp. salt
1 1/2 cups mashed or finely cut peaches (6 medium-sized peaches)
1/2 to 3/4 cup sugar for peaches
1 cup whipping cream
1 tsp. vanilla

Scald the milk. Mix together the sugar, flour and salt. Pour the scalded milk slowly over sugar, flour and salt mixture and cook in double boiler over hot water for about 20 minutes (until mixture thickens slightly). Cool. Add the peaches, sweetened with the 1/2 to 3/4 cup sugar.

Add the stiffly whipped cream, folding it in. Blend thoroughly with the vanilla. Pour into the tray of a mechanical refrigerator and freeze. Or, stirring two or three times before the mixture is completely frozen. Or place in an ice cream freezer... using 3 parts ice to 1 part cream. Freeze. This makes 6 servings.

OBITUARY

Viola May Denny, oldest child of Jasper N. and Sophia James Miller, was born in Monroe Township about three miles south of Bainbridge, Indiana, on September 9, 1887, and died July 20, 1941. She was married to Edwin R. Denny of the same neighborhood on April 4, 1900. To this union was born one child, Howard Miller, who preceded her in death on November 21, 1936.

She is survived by a sister, Mrs. Andrew Hirt of Pine Bluff, Arkansas, a brother, Ray R. Miller of Monroe Township; two granddaughters, Virginia May and Mary Ann Denny of Greencastle; a niece, Margaret Alice Hirt, and a nephew, Alfred Miller Hirt, both of Pine Bluff, Arkansas.

For the past few years she has been in poor health and during that time her daughter-in-law, Nellie M. Denny, has been very kind and thoughtful in caring for her, and her sister-in-law, Carrie H. Miller, has done many kind deeds for her.

She was a devoted mother, a true friend, a good neighbor, sympathetic, kind, grateful and generous. She gave too freely of her health and strength in service and self-sacrifice to others.

She took pleasure in watching her plants and animals grow. Because she loved nature so much, we believe she love nature's God as well. She was a member of the Christian church at Fillmore. In the scheme of life no one can take her place. "She has done what she could" is the commendation of Jesus. We feel that this will apply to her.

When she meets her loved ones on the bright and golden shore, how full her heart will praise Him for His mercy, love and grace that has caused Him to prepare a mansion for her. And with many others she could say,

"When our eyes behold thru the gathering night,

The City of Gold, our harbor bright, We shall anchor fast by the Heavenly shore With the storms all past forevermore."

JAPAN HALTS ALL SAILINGS TO AMERICAS

FOOD PROBLEM IS SERIOUS

Reports bearing through Soviet spy
Censorship indicate situation
is major problem

TOKYO, Aug. 4 (UP)—All Japanese ships sailing to the United States were suspended indefinitely today and many Americans and other foreigners were virtually isolated.

It was understood that sailings would be suspended also to South America pending clarification of the attitude of the South American republics toward Japan.

More than 100 Americans had been scheduled to sail Thursday at the liner Nitta Maru, which was affected by the suspension order. Many of these Americans had already disposed of their homes, furniture, automobiles and reserve food supplies and were at once faced with the problem of living here.

Reports bearing through the Japanese censorship indicate that the food problem is becoming serious.

The suspension order almost isolated Americans and other foreigners in Japan because it is almost impossible to obtain bookings for Shanghai. Ships are sailing to Shanghai from Nagasaki, but police restrictions on travel by foreigners make it impossible to reach Nagasaki. Bookings for ships from Kobe are filed for weeks and furthermore foreigners are not permitted to sail through the Inland Sea which is adjacent to Kobe.

Americans who had intended to sail in the Nitta Maru, and many other ships awaiting passage, had settled all their affairs after the fund freezing orders of the Ameri-

can and Japanese governments in order to return permanently to the United States after long residence here.

Agriculture minister Hironaka, after a tour of the food zones in China and Manchuria, said today that he was much surprised at the extent of damage to crops.

"So urgent is the present time," he commented, "that we must increase agricultural output—should

farmers abandon themselves to despair they will have no answer to give those soldiers who are undergoing greater hardships at the front."

The ship suspension order marked a fresh turn for the worse in Japanese-American relations.

German Hope To Take Kiev And
Show Specific Gains For Re-
cent Heavy Losses

MOSCOW, Aug. 4 (UP)—German forces are moving in full fury against the Southern Russian army of Marshal Semen Budenny in hope of taking Kiev and showing some specific gain for the terrific losses they have suffered in the 44 days of the Russo-German war it was indicated authoritatively today.

Major German attacks were reported in the Smolensk Sector of the Moscow front and the Kholm and Belara Tsekow Sectors of the Kiev front, and there was a subsidiary move in the Tallinn region of the Leningrad front.

A war communiqué which mentioned fighting in the Kholm and Belara Tsekow areas took the scene of fighting some distance nearer Kiev capital of the Ukraine. Kholm is 90 miles west-northwest of Kiev and Belara Tsekow is 50 miles south-southwest.

Nevertheless there were indications that the drive against Kiev might already have been stopped as had been the drives on Moscow and Leningrad.

It developed that Tallinn, capital of Estonia, is definitely and apparently strongly in Russian hands and it was indicated that the formidable Russian army in that area, 200 miles west of Leningrad is not "encircled" but is holding that corner of the Baltic-Gulf of Finland coast.

A special dispatch to the newspaper Pravda reported that war factories were working day and night in Tallinn and that troops of local ac-

tives were leaving the front after training soldiers.

The dispatch noted that thousands of men had joined the battalions fighting parachutists and spies. The day's first war communiqué said the Russian air force was successfully bombing German tank and motorized units and infantry and artillery formations. It asserted that 11 German planes were shot down Friday against 19 Russian planes.

Sinking of a German submarine in the Baltic area was claimed and it was added that according to late reports Russian planes which bomber Constantine, the Romanian naval base, on the night of Aug. 1 hit a floating dock, which contained a destroyer, and struck ships anchored in the harbor.

German planes again raided Moscow during the night. The air raid alarm period was the shortest in two weeks—from 11 o'clock last night until 1:30 this morning (7:30 P. M. Sunday EDT).

A communiqué said that only scattered single planes succeeded in breaking through the night fighter-anti-aircraft gun defense ring and that they dropping their bombs from high altitudes, set fire only to dwellings. All fires here were put out rapidly, it was said.

A special dispatch from the front reported that the commanding general of the German 16th division had been killed during a Russian counter-attack in which a German occupied village and the 16th German regiment 3,000 men, were destroyed.

It was noted that Russian communications and dispatches were increasing emphasizing the exhaustion of captured German troops, and the difficulties of the German service of supply in getting not only fuel but even inadequate quantities of food to the men in advanced positions.

The 47th annual reunion of the Thomas family will be held at the city park at Brazil, Sunday, August 17, intended especially for the dependants of Joel and Margaret Thomas, who settled in Putnam county in 1826. Friends are invited to hear the program. Wilbur Reinhold of Lena is president and Mrs. Thelma Thomas of New Albany is secretary. J. B. Thomas is here from Lancaster, Pa., for the gathering.

SIX, SEVEN MILES UP! In air no man can breathe—and live! Monitors—now even pilots are "super-charged." On the stationary bicycle (above) Marshall Headle, chief test pilot of Lockheed, breathes pure oxygen for 30 minutes before a test flight in Lockheed's new interceptor—one of America's newest high-altitude fighters.

CLIMBS A MILE A MINUTE—dives at speeds which are Army secrets. They call her "Lightning." Test pilot Headle clammers into the cockpit, switches from a pocket oxygen flask to his cabin supply, and streaks for the stratosphere. He's test-flown 300 different planes. But when he lands, it's always... "Now for a Camel."

YOU CAN'T SEE HIM up there. You can scarcely hear the hum of his motors. Then his voice comes into the radio tower: "Headle—35,000 feet—diving now." And as he comes plummeting down in that shrieking power-dive, you just hope! Seconds later—yes, seconds—he's landing. And here he is (above) cool, calm, lighting up a Camel.

THE SMOKE'S THE THING!
The smoke of slower-burning Camels contains
28% LESS NICOTINE
than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself

BY BURNING 25% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to
5 EXTRA SMOKES PER PACK!

CAMEL'S
EXTRA MILDNESS
IS PLENTY OKAY WITH ME.
I SURE GO FOR THAT FULL, RICH
FLAVOR

"Less nicotine in the smoke means more mildness to me," says test pilot Marshall Headle (above), as he lights up his... and America's... favorite cigarette

THERE may be little traffic at 35,000 feet, but test-diving any new, untried plane is no Sunday joy-ride. No, not even for a veteran like Marshall Headle (above).
Naturally, cigarette mildness is important to Marshall Headle. And in the slower-burning cigarette of costlier tobaccos... Camels... he gets extra mild-

ness—with less nicotine in the smoke.
What cigarette are you smoking now? Chances are it's one of the five included in the nicotine tests reported above at the left—tests which trace Camel's advantage right down to the actual smoke itself. Obviously, the smoke's the thing! Try Camels. For convenience—economy—buy the carton.
